

MULTI-ZONE

Take advantage of our smart solutions for residential & commercial air conditioning applications.

LG HVAC systems offer a range of solutions that are cost efficient, quiet and attractive. They provide a smart alternative to both central HVAC and window-mounted air conditioners, and are available in a variety of configurations to suit different cooling and heating situations.

Flex Multi-Split Systems

The larger, Flex Multi-Split systems operate two, three or four interior units that are mounted in separate rooms. Each indoor unit comes with its own remote control, allowing the customer to set the temperature individually in different rooms. These units are connected to a single exterior unit. The interior units are available in a variety of styles, including Art Cool, Standard, Ceiling Cassette, and Ceiling Concealed Duct models. Dual, Tri- and Quad-Zone are available in Heat Pump systems.

INNOVATIVE COMFORT SOLUTIONS

ART COOL

LG ART COOL™ — THE BRILLIANT MERGING OF FORM AND FUNCTION

Express your individual sense of style while cooling your living or working space with these attractive, duct-free air conditioning solutions from LG. Available in a variety of finishes—including a customizable model—the interior, wall-mounted unit can be subtle or splashy—it's up to you.

This innovative model allows you to display your favorite image in the customizable picture area. Any drawing, photo or other graphic can be placed in the LG Art Cool frame. Showcase artwork, a family portrait or vacation pictures—the choice is yours.

LG Picture Art Cool is available in 9,000 and 12,000 BTU air conditioners as well as heat pump models for all-season comfort. The white mat border included with each unit will accommodate a picture up to 20" x 20" with a 17" x 17" visible area.

SPLIT SYSTEMS

Take advantage of our smart solutions for residential & commercial air conditioning applications.

LG HVAC systems offer a range of solutions that are cost efficient, quiet and attractive. They provide a smart alternative to both central HVAC and window-mounted air conditioners, and are available in a variety of configurations to suit different cooling and heating situations.

Split Systems

These innovative systems are "split" into indoor and outdoor units. The interior units are available in several different configurations: Art Cool, standard wall-mounted, Floor Standing and ceiling cassettes. All interior units have remote controls for easy use. Installation by a qualified HVAC contractor is safe and easy – no duct work or sheet metal is needed. Single, dual and tri-zone systems, as well as heat pump models, are available.
